What does the Telvanni party represent?

Meaning of our party's name...

We are the Telvanni, an American left-leaning social libertarian party focused on providing and caring for the wellbeing of our established nation. The “Telvanni” were a group of practiced mages who were equally as talented and profoundly educated in that of politics. These mages strived to keep their hold safe, well guarded, and above all, the most powerful of their rivaling political aspirants.

Meaning of our mascot...

The Telvanni Party mascot is simply a Mage. Although unimposing at the first appearance, the Mage can in fact become quite powerful when threatened. Unlike the barbarians of the world, Mages do not require the physical aptitude nor incommensurable weight of armor dragging them down to win battles. Mages are the epitome of “*Carry a big stick.*”

Slogan and Preamble

Conflict nor pain shall wither us away.

We are the Telvanni, a group of forward thinking individuals who humbly pride themselves on the patriotism our country is so widely recognized for. We are the party of those who reluctantly conform to the predominant two, hiding behind morals, policies, and representatives of which we don't value entirely. We do not have set boundaries. We do not comfort to any particular thought or ideology. We *are* the modern silent majority.

We are the Telvanni, a party where conflict nor pain shall wither us away.
